

**KENTUCKY STATE
UNIVERSITY**

DEPARTMENT OF HEALTH SCIENCES

The Department of Health Sciences pages should provide comprehensive information about the various career paths available within the health sciences field; however for the moment, Kentucky State University is only offering a Bachelor of Science Exercise Science, with specialized tracks (3) designed for the students intended career path into a Health Science related career. Exercise Science can position the student for careers such as Physical Therapy, Physician Assistant, Occupational Therapy, and Respiratory Therapy, just to identify a few.
