

**KENTUCKY STATE
UNIVERSITY**

COURSE DESCRIPTIONS

Course descriptions are listed alphabetically by subject prefix on the following pages. Each course description begins with a three-letter subject prefix followed by a three-digit course number and the course title. The number on the right of each course description gives the semester credit hours for that course. If a course includes laboratory or other special activities, that information is contained in the course description. Prerequisites are also listed. A prerequisite is a course, experience, or other required preparation that must be completed before the student is permitted to enroll in the course. Courses marked with an asterisk (*) meet the oral communication competency requirement. The subject prefixes for the course descriptions are as follows:

Course descriptions pages to be added by courseleaf pre-release to admins.

A

- Accounting (ACC) (<https://kysu-public.courseleaf.com/undergraduate/course-descriptions/acc/>)
- African American Studies (AAS) (<https://kysu-public.courseleaf.com/undergraduate/course-descriptions/aas/>)
